## Microbic Dissociation Instability Bacterial Species

**bacteriophage in ophthalmology: a preliminary report** - causing dissolution of the bacterial cell. some interesting theories have been suggested in regard to this transmissible lytic principle. d'herelle, as has been said, believes that it is a filtrable virus which parasitizes bacteria and causes their destruction by lysis. bacteriophagy is therefore a contagious disease of bacteria. the infectious unit is an ultramicroscopic and filtrable cor ... **serologic reactions in carcinoma of colon, breast and bladder** - serologic reactions in carcinoma of colon, breast and bladder 107 forms displayed comparable qualitative biochemical reactions. :references **june 1972 loss of lactose metabolism lactic streptococci** - (15) described the microbial dissociation of lactic acid streptococci. he suggested that the organism must be in a susceptible condition i journal article no. 7759, scientific journal series, minn-nesota agricultural experiment station, st. paul, minn. before dissociation could be induced. the dissociation was accompanied by loss of lactose metabolism. his attempts to repeat the experiments at a ...
